Resolution.—As there is already a pound at Gangrahalli which is not more than a mile from Bilekalhalli and 2 miles from Kunnal; the Board are of opinion that the opening of fresh pounds in the latter two places is unnecessary and that the existing one will suffice to meet all requirements.

10. Read Executive Engineer's docket No. 1, dated 29th December 1904—5th January 1905, forwarding for countersignature an estimate amounting to Rs. 4,359, with plans and report for opening out a new road from Kadur to Yagati and on to Anthiragatta.

Resolution.—After much discussion, the Board decided that instead of the line from Kadur to Yegati or Pura, the existing cart-track from Birur to Pura be improved and the road carried forward from Pura to Antargatta. The cocoanut produce of the eastern villages of the Kadur Taluk is at present taken to Birur not to Kadur hence the line from Birur to Pura would be more useful than the one from Kadur to Pura. Besides the former line runs through the Amrut Mahal kaval and will not involve payment of compensation to the same extent as the latter.

Resolution.—Mr. Pilkington proposed that as the present bungalow at Attigundi was situated at an inconvenient distance from the village, a new one should be built near the Police Station in the village with the materials of the present building. This proposal was seconded by the President and approved and it was resolved to ask the Executive Engineer to prepare an estimate for constructing a bungalow near the Police Station.

14. Read Kadur Division Executive Engineer's docket No. 12, dated 12—18th January 1905, forwarding for countersignature an estimate for Rs. 145, for repairing the 3rd class travellers' bungalow at Verupakshikan on the Bababuden Hill road, Chikmagalur Taluk.

Also his memo No. 5, dated 5th Janu-y 1905, stating that the subject of widening and metalling the Thimmasettikere tank bund sts with the District Board.

Read the Executive Engineer's docket No. 279, dated 27th December 1904, forward-; an estimate for Rs. 207, for repairing the 3rd class travellers' bungalow at Ajjampur for ntersignature and return stating that further temporizing with this building is futile and ommending the construction of a new one.
